

Wildcat Fans,

Parking Lot Changes

The gravel parking has been extended and is now large enough to accommodate all fans. Because of the expanded gravel parking, the CHS administration asks that no fans park on the grass, but instead asks that everyone use the gravel.

Additionally, all passenger vehicles should use the entrances on Hooper Road or Sullivan Road near the intersection. The east entrance on Hooper Road is closed to passenger vehicles. It will only be open to buses, RVs, media vans, and emergency vehicles. *After the game, however, all gates may be used as exits.*

Only   gates

Beginning this season there will only be two gates available for ticket holders or purchasers. Those gates are located on either side of the west end zone. These are the gates closest to Sullivan Road and closest to the parking lots.

We appreciate the community's assistance and cooperation. We're looking forward to another great year of Wildcat football!

DO NOT PARK IN GRASS

Hooper Road

Sullivan Road
